Physical Education Grant Funding

White Woman Lane Junior School

The Physical Education Grant Funding

Impact of Physical Education Grant Spending 2015-2016

- Increased access to high quality curriculum P.E. through the employment of P.E. specialist teachers who work with school staff to up-skill and develop professionally. We have developed a partnership with an independent school in the city which has facilitated this.
- Extra-curricular clubs offered at no cost to pupils developing skills, knowledge, understanding and confidence. These pupils are also able to act as role models to other pupils during curriculum lessons, developing their confidence and self-esteem whilst raising standards through demonstration.
- Extra-curricular gymnastics (WWL) offered at no cost to lower school pupils developing flexibility, balance and control. These pupils act as role models to other pupils during curriculum lessons, developing their confidence and self-esteem whilst raising standards through demonstration.
- Extra-curricular dance offered at no cost to all school pupils developing flexibility, control, awareness and musicality. These pupils act as role models to other pupils during curriculum lessons, developing their confidence and self-esteem whilst raising standards through demonstration.
- Pupil involvement in extra-curricular sport has increased.
- Participation in competition has increased, within the Sports Partnership, the Nebula Partnership and beyond. Pupils have taken part in SSP swimming, cross country, tag-rugby, korfbal, sports hall athletics and adapted games. These events have used SSF for transport and supply cover. Pupils have represented the SSP at County Level Competitions.
- Pupils also compete in football and cross country leagues and are consistently successful in all. Subscriptions are payable to league associations.
- Parent feedback acknowledges the excellent provision for all pupils.
- In order that learners self-evaluate and recognise excellence we have bought equipment which allows performance to be videoed and instantly displayed on whiteboards.

White Woman Lane Junior PE Grant Spending Plan 2016-17
