VOCABULARY NINJA!

Vocabulary is extremely important. It allows children to be able to make themselves understood, to understand others and to understand things that they read or hear.

Please ask your children about these words. Can they explain what they mean or use them in a sentence?

Thank you for your support in helping your child.

TALK HOMEWORK

Each week we send a Talk Homework activity home and we would be very grateful for your support.

We are trying to help all our children develop excellent speaking and listening skills, which in turn will help them with their writing. "If a child can't say a sentence then they can't write it either!"

Would you like to be famous? Do you think it would be glamorously great or tediously awful? Which parts of fame do you think you would like and dislike?
