SITE ASSISTANTS

Would you like the opportunity to work alongside our staff to maintain the buildings and grounds of our schools to a high standard, including helping to keep the sites clean, tidy and safe?

This interesting and rewarding role will require a special kind of person. Are you a flexible, highly motivated, positive person with a "can do" attitude who:

- Works well as part of a team but also has the ability to work independently using your own initiative and is well organised
- Is happy to work outside in all weather conditions
- Would be able to manage physical tasks, has good practical skills and can undertake some simple repairs
- Can relate well to adults and children alike and has a good sense of humour
- Would have a sense of pride in ensuring the school is well-maintained, and a safe and secure site for all users.

Our priority is to develop the whole child, both emotionally and academically. We bring together the most committed people to provide a rounded education including ensuring we have clean, tidy and safe environments to ensure we succeed in enabling our children to flourish.

We can support you too. We believe in investing in our staff as individuals, offering opportunities to develop skills and experiences while working as part of one supportive team. Being a part of the Nebula Federation's family of schools offers our employees unique experiences and training opportunities that help develop both existing and new skill sets.
