

Neboula

where stars are born

Welcome

Welcome to our new partnership Nebula.

As a group of schools we feel this move to become a partnership represents a fantastic opportunity to improve the opportunities and quality of education for your child.

We are extremely proud to be forming this partnership and are equally passionate about wanting to respect and maintain the individuality of each school. Throughout the process of creating the partnership, each school has had an equal opportunity to discuss each and every decision, meaning that collectively we have created something to be proud of.

This small brochure will outline the thought process behind the name and the positive steps forward we expect this partnership to provide, and we hope you and your child get to experience the benefits of the partnership from September onwards.

Yours faithfully
Ashley Best-White

Nebula consists of:

- 1 Frettenham Primary
- 2 Hainford Primary
- 3 Horsford Primary
- 4 Old Catton Junior
- 5 St Faiths' Primary
- 6 White Woman Lane Junior

Positive Steps

Central Resources

Together as a partnership we are now able to share resources. The partnership will also give all six schools strong leadership, extra sustainability, flexibility and the capacity to support school improvement. All six schools will be able to work much more closely together, share their strengths and ensure that collectively they are providing the very best education for your children.

Head of Schools

Each school will have a Head of School appointed. This individual will act as the head teacher and be your point of contact about your school.

Financial improvement

Collectively we are now able to improve the financial stability of our schools.

Standards

The partnership means that we can build on the strong federations that already exist to raise standards. This arrangement means we can highlight what works in each of our schools and have wider collective support to overcome some of the challenges that schools can face.

High Quality

The core purpose of the partnership is to develop the very best, self-improving organisations to ensure that your children do exceptionally well and are prepared for the future. We are committed to provide each and every child with a holistic education that enables them to be successful and prepares them for the future.

Strong alone, stronger together

Together we are most definitely stronger to ensure the highest quality of teaching and learning for all of the children.
