8/2/22

Dear Parents and Carers,

We have an established policy of not allowing mobile phones in school, and we appreciate the support you have shown regarding this. However, recently we have begun to have a few issues with Smartwatches in school.

For the purpose of clarity, can we make clear that children may not have any device in school that receives or transmits messages or captures photo/video. This includes watches that have these functions.

We appreciate your cooperation and support.

Kind regards,

Mr D Richmond

Head of School

White Woman Lane Junior
